

## **Taichung: Sun and Park**

I come from Taichung. The weather in Taichung is **better than Taipei**. It is always **sunnyly** and warm. We have a big park called Taichung Park. There is a **lake in the middle of the park**. People can **ride the boat** there. My family **go** to the night market on Friday night. **The night market is very crowded of people**. I like to eat fried chicken and drink pearl milk tea there. Taichung is a **good place to living**. I love my hometown **very muchly** because it is beautiful.
